

# Skate Around the World 2019 Ice Show ~ Picture Schedule 2

**This schedule is approximate and may change if necessary to accommodate either pictures or rehearsal.**

*Please be prepared to be there for your regular session and come with patience. We are doing our best to stay on time but we want to make sure that families are happy with photos and the numbers get their final touches.*

*All skaters are asked to be a part of the group photos regardless if you are ordering photos for yourself or not – however we hope that you do. It is a great piece of history for the club and for those ordering photos they would like to have their entire group in their picture.*

Photo ordering envelopes are available at the Skating Table and must be brought to the photo time, filled in and with exact change. Photos will be taken on the ice. Group photos for those with helmets will sit on a bench and then helmets will be taken off. *If an action shot is requested, Stage 5 and under must have their helmets on for those individual photos.*
